

Quartz Surfaces

Quartz Surfaces

Quartz, one of the most durable surfacing materials available, brings a beauty like no other to countertops, walls and wet-area surrounds.

The quartz surfaces Crossville is offering provides a wide range of fashionable choices, from clean pure whites to realistically veined stone looks in between. Our beautiful quartz is stain resistant and has high resistance to scratching and chipping. Quartz offers a surface solution you can depend on.

Our quartz products offer high technology combined with artistic standards designed to meet the most diverse projects, from classic to contemporary. With a clean aesthetic, the line presents wide versatility and possibilities for architects, interior designers and end consumers. Fabricators will enjoy the ease of fabrication to make countertops in a single piece or use on walls as a unique decorative finish in wet areas. With the constant evolution of quartz manufacturing technology, our quartz surfaces offer the beauty of natural stone combined with guaranteed perfect finishes.

Specifications

Size

126 x 63

Sizes & Finishes

Quartz Slab

Nominal (in)	Thickness	Weight	Finish
126" x 63"	2cm/3cm	542/814 lbs	Polished

Product Performance

Gloss	47% minimum	
Scale of Hardness	6-7	Mohs
Density	2.4g/cm ³	ASTM C-97
Water Absorption	<0.3%	ASTM C-97
Abrasion Resistance	208	ASTM C-501
Flexural Strength	>5,300 psi	ASTM D-790
Impact Resistance	0.35 ft-lb/inch	ASTM D-256
Compressive Strength	24,000 - 27,500	ASTM C-170
Freeze/Thaw Resistance	No effect – 15 cycles	ASTM C-1026
Stain Resistance	Pass	ANSI Z 124.6
Chemical Resistance	Pass	ANSI Z 124.6
Cigarette Test	Pass	ANSI Z 124.6
Surface Burning	Class A	ASTM E-84
Fungal/Bacteria Resistance	No Growth	ASTM G-21
High Temperature Resistance	Pass	NEMA LD3-3.6

Dynamic Coefficient of Friction Range

Polished (Wet)	0.60	ASTM C-1028
Polished (Dry)	0.84	ASTM C-1028

Recommended Use

Quartz is recommended for countertops and interior walls.

Care and Maintenance

Regular cleaning is the best way to keep Quartz Surfaces looking good for years to come. Use clean, hot water (combined with a non-abrasive household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots. No waxes or sealers are needed. More information regarding the care and maintenance of Crossville products is available at CrossvilleInc.com.

Handcrafted Quartz Slab Aesthetics

Natural variations in color, size and shape or distribution of the pattern or the background of the Crossville Quartz Surfaces product are inherent and unique characteristics of the product. Color samples provided are only representative and not an exact replication of what will be installed in your residence or commercial application.
